- The Predictive Index

The Predictive Index (PI) is a behavioral assessment that provides an accurate depiction of your core drivers to give insight into your needs and behaviors. It is appropriate for those already practicing, or those thinking of starting a career in hypnotism. Scientifically valid, EEOC compliant, and 60 years of reliable results support the results helping you be confident you have the right skills and temperament for the job. The Predictive Index helps you identify your natural behaviors and styles, how you engage with others, and how you respond to leadership dynamics. These insights allow you to work better with your clients and co-workers and develop the necessary skills to be a great hypnotist. The cost of the Predictive Index assessment is \$250.00.

Cancellations, Refunds And Certification

Applicants not accepted into the program receive a full refund. **All withdrawals or cancellation by the student, MUST be made in writing for any refunds to be given.** Notice of receipt of cancellation will be made in writing within 10 days of receipt and refunds are made within 30 business days of receiving written notification.

- Applicants who cancel within 5 business days of enrollment receive a full refund, regardless if the course has started
- After 5 days, but before the start of the program, the student is assessed 15% of the fees, not to exceed \$50.00
- If a student withdraws after the program has started, but before completion of 75% of the course the student is assessed pro rata portion of all fees based on the number of days in the term, plus 25% of the total costs, (25% not to exceed \$100.00) After 75% of the course is completed you are not entitled to any refund at all

About Roberta Fernandez, BCH, CI, CPHI

Roberta is a Board Certified Hypnotist and Certified Instructor through the National Guild of Hypnotists. In addition, she has

- been certified as a Certified Professional Hypnosis Instructor by Calvin R. Banyan of the Banyan Hypnosis Center in California
- certification as a 5-Path Hypnotherapist developed and trademarked by Calvin R. Banyan of the Banyan Hypnosis Center in California
- an NLP Master Practitioner certification from the Minnesota Institute of Advanced Communication Skills
- been certified as a Consulting Hypnotist by the Minnesota Institute of Advanced Communications Skills
- earned the National Guild of Hypnotists Complementary Medical Certification
- certification in Pain Management from the American School of Clinical Hypnosis, International
- been certified as a Hypnotic Gastric Band Surgery Specialist, by Anthony F. DeMarco, Ph.D
- been certified as a Golf Specialist by Laura Boynton King, under the auspices of the NGH
- been trained by the Weiss Institute in Past Life Regression
- been trained by Mottin Johnson in Pain Management

Roberta has more than 30 years experience as an entrepreneur, having successfully founded, managed and sold businesses in education, training, sustainability, and finance, and has worked across public and private sectors. Past clients include Kemp's, Pentair, Sam's Club, Starwood VO, JP Morgan Chase, the MPCA and DNR, and many government and educational institutions.

Like many others, Roberta didn't grow up to be a hypnotist - hypnotism found her. She is her own 'walking' testimonial to the power of the mind, having used hypnosis to successfully manage severe knee pain pre-surgery, and after a bilateral knee replacement (both knees at the same time), used hypnosis instead of pain medication to manage her post-op and rehabilitation pain.

Her experiences have convinced her that in order to make meaningful change in people's lives, they must connect with the deeper part of themselves that enable them to change the way they think. Guided visualization, NLP (neurolinguistic programming), and hypnosis are a few of the tools available to make those changes. Having used these tools successfully in so many ways for herself, she feels compelled to help others become more positive, productive and purposeful in achieving their life goals. Her vast work and training experiences equip her to assist others in becoming exceptional hypnotists and creating successful and meaningful careers.
